RACHEL COOK

Front-end web developer with a passion for user experience, design and tools that enable creativity.
Attained numerous skills in design and development, coupled with a strong sense of quality
and detail. Currently looking to contribute and learn more alongside industry professionals.
It's my goal to contribute my full stack design skills to innovate and foster a strong creative environment.

RELEVANT EXPERIENCE

Accumulated agency experience working with a wide variety of clients. In addition to the listed employment
history below, I have also worked as a freelance designer & web developer for over 5 years.

Georgia Tech Research Institute | Web Developer (Contractor) | *April 2017 - Present*

- Contributed to planning and development of large scale web applications using AngularJS, Bootstrap, and Sass.
- Gained working knowledge of NodeJS Rest APIs and contributed to back end devolment.
- Designed mock ups and user experience flows to create design standards for web applications.

Atomized | UX/UI Engineer | *Dec 2016 - April 2017*

- Developed user interface for interactive cloud content calendar application.
- Created custom modular components using HTML5, CSS3, Javascript & AngularJS.
- Gained a working knowledge of Ruby on Rails back end.

Deardorff Communications | Front-end Web Developer & UI/UX Designer | *2012 - 2016*

- Executed and contributed to full-stack web development projects, with an emphasis on front end features,
  responsive design, and cross-browser compatibility.
- Developed front end using HTML5, CSS3, Javascript & JQuery on top of PHP, MySQL, & ASP.NET stacks.
- Oversaw the creative team and managed UX/UI, bridging the gap between design and development.
- Core contributor to project bids, either creating high-fidelity prototypes or strategic microsites for pitches.

EDUCATION

Bachelor of Applied Arts
Central Michigan University, *2007- 2012*

Studied creative industry and business fundamentals of mass media communications.
Majored in broadcast and cinematic arts with a minor in media, design, production and technology.

SKILLS
